NOTES:

HISTORICAL SKETCH

"Friend or Foe: Wildlife on Depression-Era Indiana Farms" was a 2001 research report written by Jerry Wheeler and sponsored by Conner Prairie's Rural History Project. It was also partially funded with an Indiana Heritage Research Grant. These grants are co-funded by the Indiana Historical Society and the Indiana Humanities Council. The project studies the interaction between Hoosier farmers and Indiana wildlife in the 1930s. The research was consulted by Conner Prairie Museum staff in the creation of a 1940s farm area.
