

J. C. Allen & Son

Founded: ca. 1912

Our founder J.C. Allen formed this company in 1912. His son C.P. Allen worked with him on photography assignments and eventually became a partner. J.C. Allen & Son then had another addition when John O. Allen started working from a young age and eventually became a partner in the business. John is the current owner/manager and has involved his children from a very early age in many phases of the business.
